## **Agenda Item(s):**

### **1. Wayfinding Signs Project**

- a. Commissioner's received copies of the Wayfinding Site Visit schedule and the meeting notes from the visit with Dionne Johnston and Billie Hoopman.
- b. General introductions were made, and conversation ensued about what makes Bayfield special and different from other communities. Walkability, Lake Superior and the Apostle Islands, general access to Lake Superior, our trails and our quaintness were all mentioned. Being adjacent to the berry and apple orchard and the Red Cliff Tribe also distinguish us from others.
- c. Homework – Commissioners were asked to respond to a list of questions and return to Jamie (Stantec).

### **2. Zoning Code Project – See Memo #2**

The Commission began working through an 18-page list of potential land uses. Due to some misunderstandings about the task, the terminology regarding parcels and some feelings about what uses should be allowed in the City, the Commission did not make it through the list. They were asked to continue working on the remaining items and mark them "Yes, No or Maybe" prior to the next meeting.
